

WMJH Art Club To Participate in Art Exhibit at Library 3-26-01

Levi Givens and Heather Moss paint sets for the Children's Chorus production of "Annie Jr."

The Wasatch Mountain Jr. High Art Club will be featured in the art exhibit that will be taking place at the Wasatch County Library, from April 9-May 21. The library is located at 188 South Main, Heber City. This show is being sponsored by the Friends of The Library and the Heber Valley Arts Council.

Mrs. McDonald, the art teacher at WMJH, started the art club to give artistic students an extracurricular, afterschool experience with art. "There are a lot of fun art activities that I just can't do with my big art classes, so the art club provides an extra in-depth experience for the interested artists that want to go further in-depth with art."

In October, we painted pumpkins; for November's activity, we tie-dyed T-shirts; December, we printed our holiday greeting cards. In January, we took a bus up to the Kimball Art Center where we learned how to throw pottery on the wheel. In February, we learned how to weave Navajo baskets and this month, we will be creating Ukrainian Easter eggs.

The art club was also created to provide community support and service so when the middle school needed some sets painted for their production of "Annie Jr.", the art Club was quick to volunteer. The art club are all exceptionally talented artists (They had to try out to get in the club) so the public is invited to come and see some of their artwork on display at the Wasatch County Library. There will be a reception for friends and family on April 18, from 7 p.m. to 8 p.m.

The officers of the art club are president, Parker Miner; vice president, Heather Moss; secretary, Samantha Townley, and treasurer, Preston Session. Members: Annika DeCastris, Alisha Hartell, Shantell Couch, Miguel Colin, Michelle Chatterley, Melissa Townley, Levi Givens, Jessica Huntsman and Anna Quinn.
